

Super S® Windshield Washer Fluid

Super S Windshield Washer Fluids are ready to use mix of cleaners and solvents designed to remove road grime and bug splatter and prevent freezing of windshield washer fluid. Comes in 4 formulas for year round protection. Contains an alcohol solvent to effectively remove road grime and bug splatter while also being safe on automotive finishes.

Super S Summer +21°F is dyed Blue and is suitable for use in warmer climates. Alcoholic base is effective at cleaning grime and bug splatter from glass surfaces leaving a streak-free finish.

Super S Winter 0°F is dyed Blue and is formulated for use in cooler climates providing below freezing protection. It also contains a streak-free alcoholic base for easy removal of grime and bug splatter.

Super S Extreme Winter -20°F is dyed Blue and is formulated for use in sub-0 climates. Helps remove frost, ice, and snow improving visibility. Does not harm paint, rubber, or plastic.

Super S Summer +32°F is dyed Green and contains a heavy duty bug, tar, and road grime detergent for use during bug season. Alcoholic base provides a streak-free appearance. Suitable in warmer climates.
