

LUBRICANT WARRANTY

Extensive testing assures that all of our products meet or exceed the specifications of manufacturers and governing bodies as well as the rigid standards set forth by Smitty's Supply, Inc.

If a Super S[®] lubricant (hereafter: the lubricant) caused a problem in your equipment, Smitty's Supply, Inc. will pay the reasonable cost to repair damage directly caused by the lubricant failure provided:

- The equipment was used within its normal operating conditions and in accordance with the automotive and/or industrial manufacturers specifications, and;
- Is proof that the provided equipment was maintained within the manufacturer's specifications and schedules, and within accepted industry standards and practices, and;
- The proper lubricant was used exclusively in a maintenance schedule for a time period sufficient to have caused the damage, and;
- Sample of the failed lubricant is made available to Smitty's Supply, Inc., and;
- Is documentation provided detailing the failure and estimated repair costs, and; the damaged equipment is made available to Smitty's Supply, Inc.

Written notice must be provided within 15 days of the failure to the following:

Lubricants Production Manager
